Dear Sirs

I am responding to your  
notice in "Hobbies" magazine  
I would like to know if  
you are acquainted with  
any one who might be  
interested in a beautiful  
hall clock made from the  
wood taken from the  
old house of Abraham Lincoln  
in Springfield, Ill. at the  
time the floors were replaced?  
The price is more than is  
paid for most fine hall  
clocks. which of course do  
not have the historical  
value of this clock.

Details and references  
given to one interested in  
buying.

Very Sincerely Yours  
Lester McCullough the Mayor

My dear Madam:

Thank you very much for calling to our attention the interesting clock which was made from timber taken from the home of the Lincolns in Springfield.

We are not collectors here of curios except those in miniature as we have no facilities for housing the larger items.

I would not have any idea who would be interested in such a clock as you describe.

Very truly yours,

LAW:EB

Director
